

Dear Students,

The Gateway Chinese-Hungarian Student Exchange Programme is organized by the University of Szeged Faculty of Law and Political Sciences. Our Gateway Programme offers autumn semester for Chinese guest students in 2017. During the three-months long period the students get an in-depth look into the different aspects of the Hungarian criminal law, both in theory and practice. The members of our internationally recognized Criminal Law Institute deliver theoretical lectures not just about criminal law but also about many different fields of the Hungarian legal system, such as Intellectual Property Law, Labour Law and also International Law.

Besides the professional knowledge, two cultural trips are included in the autumn semester programme, one to the National Heritage Park of Ópusztaszer and another to our nation's capital, Budapest. In the National Heritage Park, students will be introduced to the Hungarian history by interactive activities, such as 3D movies, archery, horse show and so on.

Our nation's capital is one of the most beautiful cities in the world, which provides countless cultural and free time programmes. A visit to our Parliament and sightseeing in Budapest is included in the trip.

As a result of this three-months programme, our guest students could improve their English language skills, their professional, legal English in particular, and also they could gather additional knowledge about Hungary, its legal system and its cultural heritage as well. Moreover, our Gateway Programme provides free weekends in order to give students a chance to discover the beauties of Europe.

We duly hope to welcome you as our student in this autumn!

Dr. Norbert Varga, PhD.

Programme Director
Vice Dean for Scientific Relations
